MapLibre

Governance & Sponsorship

2023-03

What is MapLibre?

- Map visualization libraries for web and mobile devices

- Started as a Mapbox code fork after the license change

- Reference implementation for vector tile rendering and styles (GL JSON style)

- BSD Open Source licensed, open governance

- Built on agreement of founders: **story** & **memorandum**

MapLibre

Critical for you?

- MapLibre GL JS powers your web projects now

- Your customers are using SDKs from the community project

The project must be maintained, or else it may die

Please consider donating engineering time and/or sponsor

Share maintenance costs with others
